

APPLICATION NOTE - CALL RECORDING FOR ICOM IDAS CONVENTIONAL SYSTEMS

Solution Overview:

NexLog DX-Series recording solutions (and original NexLog recorders) provide archival and instant recall recording for the iCOM IDAS digital multi-site conventional radio systems. IP-audio and metadata that are sent from IDAS comparators are reliably recorded and archived. Recordings are instantly available for replay, research, incident reconstruction and export. The same recording solution can also record dispatch consoles, telephones, other radio sources and PC screens.

Audio Capture Method:

- Recording of IP audio feeds from IDAS comparators

Codec Support:

- AMBE+2 Vocoder (NXDN Standard)

Metadata Search Parameters:

- Radio ID
- Destination ID/Group ID
- Date & Time

About Eventide:

Eventide is an OEM supplier of recording solutions to iCOM Americas.
